## COSMETICS & COSMECEUTICALS WORKSHOP 2017

Theory and Hands-On Manufacturing Experiences

9 & 10 August 2017 • International Islamic University Malaysia, Kuantan  
[www.pharma-bioasia.com](http://www.pharma-bioasia.com)

Bolstered by the growing awareness of the importance of maintaining one's personal appearance and increasing disposable incomes, the Asia-Pacific cosmetics market is expected to reach \$126.8 billion by 2020 with a CAGR of 4.02% in 2015-2020 (ApacMarket.com).

As one of the headlining events under Pharma+Bio Asia 2017, the Cosmetics and Cosmeceutical Workshop is an informative and interactive platform designed to share cosmetics and cosmeceuticals related knowledge from the perspectives of cosmetics and cosmeceuticals development and production, specifically material sciences, processing and formulation technology. This is a hands-on workshop led by leading experts in the field that equips participants with in-depth knowledge of the latest methodologies, techniques and best practices in use in the cosmetics, cosmeceutical and aesthetic medicine sectors currently.
