### AIMS & SCOPE OF IIUM ENGINEERING JOURNAL

The **IIUM Engineering Journal**, published biannually, is a carefully refereed international publication of International Islamic University Malaysia (IIUM). Contributions of high technical merit are to span the breadth of engineering disciplines; covering the main areas of engineering: Electrical and Computer Engineering; Mechanical and Manufacturing Engineering; Automation and Mechatronics Engineering; Material and Chemical Engineering; Environmental, and Civil Engineering; Biotechnology and Bioengineering; Engineering Mathematics and Physics; and Computer Science and Information Technology. Contributions from other areas of Engineering and Applied Science are also welcome. The IIUM Engineering Journal publishes contributions under *Regular papers, Invited review papers, Short communications, Technical notes, and Letters to the editor* (no page charge). Book reviews, reports of and/or call for papers of conferences, symposia and meetings, and advances in research equipment could also be published in IIUM Engineering Journal with minimum charges.

### REFEREES NETWORK

All papers submitted to IIUM Engineering Journal will be subjected to a rigorous reviewing process through a worldwide network of specialized and competent referees. Each accepted paper should have at least two positive referee's assessments.

### SUBMISSION OF A MANUSCRIPT

An original and two copies of the original manuscript should be sent to:  
Editor, IIUM-Engineering Journal, [www.eng.iiu.edu.my/ejournal](http://www.eng.iiu.edu.my/ejournal), e-mail: [ashour@iiu.edu.my](mailto:ashour@iiu.edu.my)  
Faculty of Engineering, International Islamic University Malaysia (IIUM), P.O. Box 10, 50728,  
Kuala Lumpur, Malaysia. *Phone: (603) 6196 4506, Fax: (603) 6196 4853*
