**AIMS & SCOPE OF IUMENGINEERING JOURNAL**

The **IUM Engineering Journal**, published biannually (January and July), is a carefully refereed international publication of the International Islamic University Malaysia (IUM). Contributions of high technical merit within the span of engineering disciplines covering the main areas of engineering: Electrical and Computer Engineering; Mechanical and Manufacturing Engineering; Automation and Mechatronics Engineering; Material and Chemical Engineering; Environmental and Civil Engineering; Biotechnology and Bioengineering; Engineering Mathematics and Physics; and Computer Science and Information Technology are considered for publication in this journal. Contributions from other areas of engineering and applied science are also welcome. The IUM Engineering Journal publishes contributions under *Regular papers* and *Invited review papers*. It also welcomes contributions that address solutions to the specific challenges of the developing world, as well as science and technology issues, from an Islamic and multidisciplinary perspective.

**REFEREES' NETWORK**

All papers submitted to the IUM Engineering Journal will be subjected to a rigorous reviewing process through a worldwide network of specialized and competent referees. Each accepted paper should have at least two positive referees' assessments.

**SUBMISSION OF A MANUSCRIPT**

A manuscript should be submitted online to the IUM-Engineering Journal website at <https://journals.iium.edu.my/ejournal>. The journal website could conduct further correspondence on the paper's status
