Contributor names in the journal database must be **First Letter Capital only**

*eg. First name Middle name Last name (check the picture example below)*

1. Login
2. Click on the submission tile
3. Click on Publication and follow the steps as depicted in the picture below.
4. To add an author, click on Add Contributor if the author is not matching the camera-ready documents (if authors are not matching with the initial or ethical agreement author list then the editor has the right to remove author(s) from the camera-ready document)
