## GUIDELINES FOR AUTHORS

The material submitted to *Intellectual Discourse* should not have been published elsewhere, and should not be under consideration by another publication.

Four types of contributions are considered for publication in this journal: major articles reporting findings of original research; review articles synthesizing important deliberations related to disciplines within the domain of Islamic sciences; short research notes or communications, containing original ideas or discussions on vital issues of contemporary concern and book reviews; and brief reader comments, or statements of divergent viewpoints.

Three copies of a manuscript should be submitted to the Editor. The manuscripts should be printed in double space on one side of the sheet. The cover page should carry the title, name of the author(s), affiliation(s), and the complete mailing address of the principal author. The title of the manuscript should be repeated on the top of the first page of the text without author's name. A machine readable copy of the manuscript in ASCII text would be appreciated.

The style should follow the *Chicago Manual of Style*, latest edition. References should be sequentially numbered in the text in superscripts. References and notes should be combined in one sequence and should be typed at the end of the text in order of appearance with corresponding Arabic numerals. Some specimen citations are given below:
