

## GUIDELINES FOR AUTHORS

*Intellectual Discourse* is an academic, refereed journal, published twice a year. Four types of contributions are considered for publication in this journal: major articles reporting findings of original research; review articles synthesizing important deliberations related to disciplines within the domain of Islamic sciences; short research notes or communications, containing original ideas or discussions on vital issues of contemporary concern and book reviews; and brief reader comments, or statements of divergent viewpoints.

The material submitted to *Intellectual Discourse* should not have been published elsewhere, and should not be under consideration by another publication. If the author wishes to send the article elsewhere before the editors have acted on its acceptance, the author should withdraw the article from consideration by the *Intellectual Discourse*.

Three copies of a manuscript should be submitted to the Editor together with floppy diskettes in Microsoft Word. The manuscripts should be printed in double space on one side of the sheet. The cover page should carry the title, name of the author(s), affiliation(s), and the complete mailing address of the principal author. The title of the manuscript should be repeated on the top of the first page of the text without author's name.

Authors will normally receive a decision on their papers within three months of receipt. Papers can be provisionally accepted, and authors will be expected to revise the manuscripts on the recommendation of referees. The editorial board reserves the right to edit a manuscript to make it more readable.

The manuscript should follow the *Chicago Manual of Style*, latest edition. The **title** should be as concise as possible and should appear on a separate sheet together with the name(s) of the author(s) and the full postal address of their institution(s). A short **running title** of not more than 40 characters (including spaces) should also be included. **Headings** and **sub-headings** for different sections of the paper should be indicated clearly. A brief informative **abstract** of 150 words or less should be provided with the article. It should state the purpose, methods and results of the study. **References** should be sequentially numbered in the text in superscripts. References and notes should be combined in one sequence and should be typed at the end of the text in order of appearance with corresponding Arabic numerals. Some specimen citations are given below:

## THE INTERNATIONAL ISLAMIC UNIVERSITY MALAYSIA

The International Islamic University Malaysia (IIUM) was established in 1983, as an institution of higher learning by the government of Malaysia in accordance with the wishes and initiative of the Prime Minister, Dato' Seri Dr. Mahathir Mohamad. During recent years, the university has expanded on all fronts and is offering courses in Islamic Revealed Knowledge and Human Sciences, Economics and Management, Education, Laws, Science, Medicine, Pharmacy, Engineering, Architecture and Environmental Design, and Information and Communication Technology. The student population has rapidly grown to over fourteen thousand. The students and the faculty truly represent an international character. The university regards knowledge as a trust from Allah (SWT), to be utilised in accordance with His will, and the quest of knowledge is regarded as an act of worship. IIUM aims to be a leading international centre of educational excellence which seeks to restore the leading and progressive role of the Muslim Ummah in all branches of knowledge. The mission of the University is to attain IIICE or Triple I'CE i.e., Integration, Islamization, Internationalization and Comprehensive Excellence.

### THE KULLIYYAH OF ISLAMIC REVEALED KNOWLEDGE AND HUMAN SCIENCES

The Kulliyyah (Faculty) of Islamic Revealed Knowledge and Human Sciences was established in January 1990 with a new approach and vision. Many universities in the Muslim world and elsewhere offer programmes in Social Sciences, Islamic Studies and other professional areas. However, with their faculties of Islamic Studies, they still observe a secular classification of knowledge as Islamic and non-Islamic. This faculty of IIUM is unique in the sense that it combines in all its academic programmes the contents of Islamic Revealed Knowledge in an integrated manner with Human Sciences. While teaching Human Sciences, the subject matter is presented in an objective manner without excluding the Islamic views on that subject. Added to it is the content of coursework in areas of Islamic Revealed Knowledge such as Qur'anic Studies, Ḥadīth Studies, Fiqh, Sirah and Islamic History.
