## INTELLECTUAL DISCOURSE

The *Intellectual Discourse* is an academic, refereed journal, published twice a year, by the Kulliyah of Islamic Revealed Knowledge and Human Sciences, International Islamic University, Malaysia. It stands for rigorous intellectual analysis, and for insights, rooted in the Qur'an and the Sunnah, while addressing contemporary issues. It aims at promoting new research focussing on the contributions pertaining to the Islamic heritage, made by Muslim scholars of the past. Above all, it seeks to provide a forum for addressing issues dealing with Islamisation of human knowledge in all its ramifications, leading to the strengthening, and, ultimately, crystallization, of the current process of Islamisation.

The views and opinions presented in the *Discourse* are solely those of the authors and do not necessarily reflect those of the editors or the publisher. Material published in the *Discourse* are copyrighted in its favour. No part of this publication may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopy, recording or any information retrieval system, without permission in writing from the publisher.
