

I have enclosed my check for renewal of my subscription to *Periodica Islamica*. Congratulations on what I find to be an excellent publication. Indeed, I have argued with librarians and professionals, particularly those involved with Islamic/Middle Eastern affairs, that a publication such as yours is far superior to data bases, which I also support and use. Publication such as *Periodica Islamica* is far more comprehensive and current than most data bases I have had access to...Keep up the good work.

The University

The International Islamic University Malaysia (IIUM) was established in 1983, as an institution of higher learning by the government of Malaysia in accordance with the wishes and initiative of the Prime Minister, Dr. Mahathir Mohamad. During recent years, the university has expanded on all fronts and is offering courses in Islamic Revealed Knowledge and Human Sciences, Economics and Management, Laws, and Engineering. It is also planning to expand in other areas of knowledge. The student population has rapidly expanded to over eight thousand. The students and the faculty truly represent an international character. Despite being young, the university is trying her very best to attain the goals of excellence. The university regards knowledge as a trust from Allah, to be utilised in accordance with His will and the quest of knowledge is regarded as an act of worship. This philosophy of knowledge and education is based on the recommendations of the First World Conference on Muslim Education held in Makkah in 1977.

The Kulliyah

This Kulliyah (Faculty) of Islamic Revealed Knowledge and Human Sciences was established in January 1990 with a new approach and vision. Many universities in the Muslim world and elsewhere offer programmes in Social Sciences, Islamic Studies and other professional areas. However, with their faculties of Islamic Studies they still observe a secular classification of knowledge as Islamic and non-Islamic. This faculty of IIUM is unique in the sense that we combine in all our academic programmes the contents of Revealed Knowledge in an integrated manner with Human Sciences. While teaching Human Sciences, the subject matter is presented in an objective manner without excluding the Islamic views on that subject. Added to it is a content of course work in areas of Islamic Revealed Knowledge such as Qur'anic Studies, Hadith Studies, Fiqh, Sirah and Islamic History.
